VIVA REVERSABLE!!

~The reason I'm attracted to sex between guys~

(2007 Mika Ari)

Sadahiro's gay comics are 90% reversible and that history (*laughs*) is very old. (Note: Reversible is a couple who can interchange between uke and seme. The abbreviation is "Reversi".) Reversi today is considered hip... kinda... but before, it was a road of thorns. There are even boys love magazines that won't allow reversi... Well, the bottom line is, it's a matter of taste. When one is drawing or reading, which character is she/he relating him/herself more to. To a female, she's basically uke so she normally connects to the uke, it seems. (Cause it's hard trying to understand a pleasure or an organ you don't have.) Once in a while there's a "Com'on Baby!" -seme type- girl too. By the way, Sadahiro is a bit like that! (*laughs*) Which one are you?

Returning to the beginning, the reason Sadahiro was attracted to gay love is that "one can make love in an equal stance". In that aspect, I think they can understand each other more than in a hetero relationship. Because they understand, it feels good ♥ This "equal" expressed in the simplest terms was the reversible. And this is the ideal way Sadahiro pictures a relationship with people. Man, I'm talking lots... but the bottom line is, I'm drawing too many different faces of my characters. And since they have both the parts for being a seme and an uke, it's a loss not to utilise it ♥

So, Ryu and Hayato is a happy ending with a reversible!! By the way, the extra manga's index title was named by the editor in a lunch-hour-background-music-style. According to the editor, "Hayato's papa will be fucked by an English old gentleman and will awaken to the joy of uke!"

[NEZI-NO-KAITEN]
up to now

Welcome to the world of weirdly desire!! Hello. this is Sadahiro! This story is an extra story to "Neji no Kaiten" about the main characters -Ryuu's and Hayate's- first night living together ♥This was my first revised Sadahiro doujinshi book (laugh) It seems that I've come to be thought of as a hard-boiled mangaka (to the point where there were rumors about me wearing nail studded leather clothes to work!?) I never thought that I'd like these characters so much I'd put them in a doujinshi I think the one I like is Hayate... It's fun to draw a half-grown (not a child and not a man) character ♥I also want to try drawing him as an adult who's grown taller than Ryuu and matured, but he probably looks best now.

Since I started drawing for "Pierce" the number of fans who are housewives seems to have increased a lot (though her original fan base was also, on average part of the older crowd) I've also gotten letters from gay men... It was quite exciting. It seems that the majority of them get off on my manga. Naturally, I draw my manga with the intention of stimulating the readers so I'm very grateful and happy.♥The rules for drawing a doujinshi are stricter than the usual (!?) so the readers of "Pierce" might find my stories unsatisfying but I hope that this book can be used somehow for everyone's "love" ♥

So then, see you next time. Let's meet again in my next work. Thank you for your purchase ♥I'd love to hear your impressions of it.♥

I'm really such an idiot ♡
To K-san who made me consomme my mother
who made me a red ribbon, and also to K-san
I'm truly very grateful ♡
